options	price
slides for GROOVY mast (for Lightweight mainsail)	no charge
bolt rope for GROOVY mast (for Panelled mainsails)	no charge
eyelets for rings for round mast	no charge
non-standard cloth	see note A
non standard shaping	see note A & B
seams not sewn (standard for 35 micron cloth)	see note A
'finger' patches	£7.00
small pocket at luff for jackstay	£6.50
luff hooks for jackstay	£9.00
insignia and numbers added to each side of mainsail and headsail	£11.50
national letters applied to each side of one mainsail	£6.50
<i>note A</i>	
for one or more of the 'non standard' options please add per suit of sails	£5

note B

the shaping built into our sails has evolved over a long time and many generations of design

F2 sails have our standard shaping

F3 sails have 17% more camber

F1 sails have 17% less camber

sails with non-standard shaping are marked in the tack to show the difference so you will always know if the sails you see are of standard or non-standard shaping

delivery

sails are laid on thick paper then rolled and placed in a 90 or 100 mm diameter cardboard tube

tube has end caps taped in place

delivery by first class post in the UK

delivery by letter post outside the United Kingdom

delivery by other means on application
