SAILSETC
Supplementary Price List
SP 03

GOODBUYS

surplus sailcloth & sail making materials

If you would like an up to date version of this list please contact the SAILSetc office – ask for ‘GOODBUYS surplus sailcloth & sail making materials - SP03’

for - surplus mouldings & boatbuilding materials – see GOODBUYS SP02

Please note:

- 1 All pieces offered here are unsuitable for use in our own production sails due to the presence of faults, usually minor creases, dust marks, weaving faults etc., or because they are not the best materials currently available for the purpose envisaged. The general quality is reflected in the prices. Faults are generally cosmetic in nature and will not prevent the construction of perfectly good sails from a performance point of view.
- 2 Prices include VAT at 20%.
- 3 Pieces listed as less than 920 mm wide will be sent whole. Longer rolls have to be sent by carrier unless they can be cut in half.
- 4 Please 'phone to reserve pieces required before sending payment. Pieces will be reserved for 10 days before being re-offered.
- 5 See <http://www.sailsetc2.com/index.php/shipping-info/> for current postage rates. Send us your order and we can confirm the carriage and packing charge due.
- 6 Samples sent on request.
- 7 All pieces are white unless otherwise stated

We no longer stock woven sailcloth for sale but have some remaining ends of rolls for sale that are listed below.

We now supply rolls of 35, 50 & 75 micron films. Please see the SAILSetc website.
